

CUBS WILL SURELY BE HERE OCT. 15TH

FAMOUS CHICAGO TEAM WILL PLAY BASEBALL IN DIXON A WEEK FROM NEXT TUESDAY.

REGULAR CUB LINEUP GUARANTEED

Signed Contracts for Game Have Been Received Here and a Good Lineup Will Appear Against National League.

The Chicago National League baseball team, known the world over as the Cubs, the best drawing team in either of the big leagues will, as forecasted exclusively in last evening's Telegraph, play in Dixon this fall. Signed contracts for the game were received by Charles Miller this morning, and the appearance of the great machine in Dixon on Tuesday, Oct. 15, is now assured.

The contracts call for the regular Cub lineup's appearance in Dixon, which means the Dixon fans and, in fact, baseball fans all over this part of the state—for they will all come to Dixon on that day—will see the following men in action:

- Saekard, lf.
- Miller, cf.
- Schulte, rf.
- Tinker, ss.
- Zimmerman, 3b.
- Evers, 2b.
- Saier, 1b.
- Archer, c.
- Cheney or Ruelbach, p.

To Preserve Baseball.

The local promoters of the game, who give Ward Miller of this city, the centerfielder of Chance's machine, credit for securing the team for this game, have a most worthy object in view—the preservation of baseball in Dixon.

The intention of the Illinois Northern Utilities company to build its big central steam power station in Dixon will do away with Athletic park, the scene of Dixon's sports for many years, for the big building will occupy that block, and every cent that is made on the game will go to a fund for the establishment of the new park.

Thirty-five public spirited citizens have signed their willingness to put up \$5 each to guarantee the Cub's expenses should it rain on that day, and they have also expressed their desire that should any money be made on the game it shall be used for a new park.

Purchase Grand Stand.

The proceeds of the game will be used to purchase the old grandstand at Athletic park and have it moved to some other site, several of which are in prospect. It is hoped that sufficient money can be cleared off the game to pay for the grandstand and moving it and leave a balance to apply on rent for a new park.

It is argued that an athletic park is needed here, for with the occupation of the old pleasure grounds by the Utilities company there will be no place for baseball or football games, and the promoters wish to establish a park for such purposes.

Especially Significant.

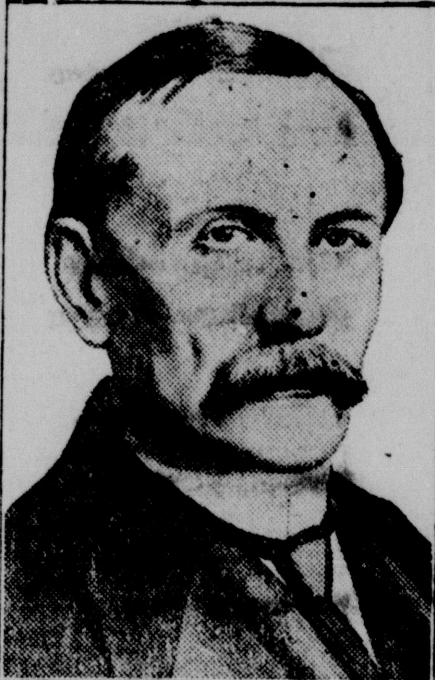

Therefore there will be especial significance to this game, for in addition to starting a fund for a new park it will be beyond all doubt the last game that will ever be played on the diamond that has witnessed so many stirring contests.

Although no definite statement has been made concerning the price of admission for this game, it is understood that those in charge propose to make the admission fee a very nominal one in order that no one will feel that they can not afford to see the game and boost for a worthy purpose.

Securing Team.

Charles Miller, who has managed many of Dixon's best ball teams, has been commissioned to secure a team to represent Dixon in this game and he has already communicated with a number of leaguers to secure their services. The fans have confidence that the team which will represent Dixon will be a fast one, for Mr. Miller has never failed when he set out to secure a good ball playing organization. Further particulars concerning the local team and prices of admission will be announced later.

NEW ROLLER SKATING RINK THIS WINTER

GEO. DOWNING INTENDS TO USE FIRST FLOOR OF NEW BUILDING FOR THAT PURPOSE.

Dixon lovers of roller skating may have an opportunity to enjoy the pastime this winter. If the plans of George Downing, who is building a large garage and armory on First street, materialize, Mr. Downing's plan is to convert the first floor of the building, which in the summer months will be used as an automobile show room, into a skating rink during the winter months. And there is no doubt the floor would be one of the best for skating purposes in this part of the state. There will not be a post in it, and as it will be constructed of small maple boards, the surface would be excellent.

He says he believes Taft's program is safe and sane and will be of benefit to the country. Hadley's desertion of Roosevelt robs him of one of his strongest leaders in the west.

DOCTORS SELLING FREE ANTI-TOXIN

PHYSICIANS WHO HAVE BEEN CHARGING FOR PRODUCT TO BE PROSECUTED.

Dr. James A. Egan, Secretary of State Board, Will Put an End to Practice—Cure for Diphtheria.

The state board of health, through its secretary, Dr. J. A. Egan, is hot after certain physicians charged with having sold diphtheria antitoxin supplied to them by the state board of use in their practice without cost to their patients.

Several instances of sales have been reported of late and the state board of health is determined to put an end to the practice.

In Illinois diphtheria antitoxin is furnished free by the state board of health to all classes of people, rich and poor alike. The distribution is made through physicians from the various agencies of the board, of which there are over 300 in the state.

Governor Deneen Gets Appropriation

The free distribution of antitoxin is made possible by an appropriation of \$23,000 per annum, first made in 1907, at the instance of Gov. Deneen and continued by successive general assemblies, on his recommendation.

Free antitoxin here has probably saved the lives of many hundreds of children who would otherwise have perished. With the curative dose antitoxin costing \$7.50, a parent is sometimes loath and frequently unable to order its use, especially when it is evident the dose may need to be repeated two, three or more times. But with the high grade of antitoxin of the state board of health available without cost, in whatever quantity needed, there is no justification for failure to use it.

Much Antitoxin Used.

As indicated, no limit is placed on the amount of antitoxin which will be supplied by the state board of health for the treatment of a patient. The records of the board show that in several cases the antitoxin used for a single patient would have cost from \$100 to \$200 at retail prices. Within the past two weeks the state board has delivered to its agents in anticipation of a fall outbreak, a quantity of antitoxin which if purchased from druggists, would cost \$10,000.

Illinois is the only state in the union in which diphtheria antitoxin is furnished free of charge to every one—the rich and the poor—in form ready for immediate use.

Diphtheria is unduly prevalent in this state at the present time, as might be looked for from the advent of cold weather and the mingling of children in the schools. This fact leads the state board of health to again impress upon the people the necessity for the use, and the early use, of antitoxin in diphtheria.

Will Cure Diphtheria.

Antitoxin will never fail to cure diphtheria if used early. One has only to compare the death rate from diphtheria before the use of antitoxin with the death rate under its use to receive incontestable evidence of the very great benefits that result from its use.

In the opinion of the state board of health a physician who opposes the use of antitoxin comes perilously near to willful negligence. The time is close at hand when a failure on the part of the physician to use antitoxin in a well marked and particularly serious case of diphtheria, will impose criminal as well as civil responsibility.

YOUNG PEOPLE'S NIGHT AT BAZAR

THIS IS HIGH SCHOOL NIGHT — MOOSE HOLD SWAY TOMORROW EVENING.

The attendance at the Poultrymen's bazar last evening was the largest of the week and all present enjoyed themselves. There were about 35 couples on the floor at each dance and there was little time lost between numbers. With the rearrangement of the orchestra stand, it being taken from the north wall of the room and now located on a suspended platform in the center of the room, the music is heard to better advantage in all parts of the room and this makes a big improvement, as well as giving more room on the dance floor.

Tonight was to have been Moose night, but on request a change has been made and the Moose will preside on tomorrow evening, the closing night. Tonight has been set apart as high school night and for young people in general.

TURKS PROHIBIT EXPORTATIONS

COUPON CLIPPERS REFUSE TO ACCEPT ANY BUT THE BEST AND INTEREST CONTINUES

Attorney—Do you know the defendant's reputation for veracity? Witness—I do. It is very good. Attorney—Do you know what the word veracity means? Witness—Sure. It's being a good business man.

This cross-examination occurred during a trial in a Western State, and the lawyers are laughing about it yet. It would never have occurred had the witness been the possessor of the New Websterian 1912 Dictionary, Illustrated.

15 DEAD, 50 HURT IN TRAIN WRECK

Boston-New York Express Train Plunges to Its Destruction.

ENGINE EXPLODES; CARS BURN

Nurses and Physicians Reach Scene and Rescue Such as the Fire Had Not Cremated—List of Injured Unknown.

Westport, Conn., Oct. 4.—Probably fifteen dead and fifty injured is the toll of the wreck here of the Springfield express, New York bound from Boston over the New York, New Haven & Hartford railroad.

Of these, the great majority of the dead were burned alive in the wreckage of the flimsy wooden Pullman cars, which took fire immediately after the crash.

The train, plunging along at a speed of 45 miles an hour, failed to take a crossing and was dived. Immediately afterward the locomotive boiler exploded.

List of the Dead.

Following is the list of dead so far as they have been reported:

- Mrs. James C. Brady, daughter-in-law of Anthony N. Brady of Albany, N. Y.
- Mrs. Carl Tucker, daughter of Anthony N. Brady.
- Mrs. E. P. Gavit, also a daughter of Mr. Brady.
- Two unidentified bodies.
- Engineer Clark.
- Fireman Moker.

Recover Seven Bodies.

The bodies of seven passengers, most of them women, have already been taken from the charred debris of the cars, burned beyond recognition. It is believed that many more victims are still within the ruins.

Extraordinary scenes attended the catastrophe. The locomotive turned a complete somersault. The mail car, immediately behind it, was catapulted over the top of the engine and landed without wheels twenty feet in front, the wheels later being found beneath the wreckage of the locomotive.

Astonishing scenes followed. Men with their clothing ablaze battled to wrench free women who were pinned down in the burning wreckage. Crowds of rescuers stood by helpless to aid victims who could plainly be seen in the flaming cars.

Saw Three Girls Burn to Death.

J. Leopold Spiegel, a New York merchant, and a friend were sitting in an automobile at the Naugatuck station when the wreck occurred and were thrown from the machine by the concussion of the explosion. The first person to reach the overturned train, he saw three young girl pupils of the Boston Conservatory of Music burn to death before his eyes after he had aided in dragging the fourth of the quartette from a window. These young women were in the fifth coach.

greatest universities, and is published by the well known Syndicate Publishing Co. of New York City.

No home is a home and no office a real office without a dictionary. When you are unable to tell what a man is talking about you might just as well give up trying to do business. A knowledge of language is essential. When a man increases his vocabulary he has proven an asset greater than money. Money spent like water that once goes over the mill-wheel does not come back, but a vocabulary may be used in getting the money back, and the money will buy more water.

Speaking of lawyers, a well known attorney was overheard telling a friend in a street car that he would not take \$4 for the New Websterian, Illustrated, which the Telegraph presented to him.

The expected happened. In spite of assurances of the dictionary man that a fresh carload of the books would reach here yesterday the reserve stock did not arrive, and the supply of leather-bound volumes is almost depleted.

More books are being rushed here and it is confidently expected that the dictionary distribution will go merrily on.

Are truthful, conscientious, pure in nature, somewhat prudish, musical, fond of poetry, studious, mathematical, somewhat doubtful of your ability; have an intensity of nature that may mislead. Still, you have immense power for good. You love to read, but if a woman of family, will sacrifice this desire. There are not many loose ends about things in your house.

The ideal is nothing more nor less than the culminating point of logic, even as the beautiful is nothing more nor less than the summit of the true. The artist people is thus the consistent people. To love beauty is to see light. That is why the torch of Europe, that is to say, civilization, was first borne by Greece, who passed it to Italy, who passed it to France. The resolution follows: "Whereas certain acts of hazing and unwarranted intimidation of freshmen are likely to happen at the beginning of the college year and whereas such practices are injurious to the name and reputation of the University of Illinois, and whereas hazing is wholly unbecoming to any loyal student who is sincere and looking for the best interests of his university advanced and her reputation unsullied by such acts be it resolved that the Pan-Hellenic council representing the national fraternities and organization at this university does hereby put itself on record as strongly condemning any such acts and will do all it is able to stop their continuance."

LET HIM ARREST YOU.

"Officer 666" is a good natured "copper" and theatre goers in New York have been laughing their heads off at his ineffectual efforts to arrest the high-toned picture thief who, in the play, finally purloins the uniform of the brave officer and makes his "getaway." Not, however, before many thrilling episodes have cropped up in the three acts Augustin MacHugh, the author of the farce, takes to tell his most amusing story. Officer 666, which is one of the genuine hits of 1912, will be presented here by Cohan & Harris at the Opera House Friday, Oct. 11.

DIXON OPERA HOUSE TONIGHT.

The Four Alberts, Russian Singers and Dancers, are direct from the Sullivan & Considine Circuit of Vandeville Theatres and will prove a pleasing act to Dixon people. Manuel, Card and Coin Manipulator, is an act from the ordinary and must be seen to be appreciated. First show will start at 7:30 prompt.

FAMILY THEATRE

Seymour's Musical Dogs now playing at the above theatre is an act that everyone should see as it is entirely different from any dog act ever seen here. They do all kinds of clever stunts which are not only wonderful but something new and out of the ordinary. Marie Don, a character singer, is an artist and pleases her audience. A special matinee will be given tomorrow for women and children.

There isn't a fellow living who can find so much fault with the editorial policy of the Telegraph as the fellow who borrows it from his neighbor.

We are in receipt of a splendid volume, entitled "Game Laws of 1912" sent by Sec. Doyle down at Springfield. We have read the same very carefully, but can't find a word in it about the great American game, draw poker. It doesn't tell whether a man may keep an ace in his shoe or deal from the bottom of the deck when playing with a man from Sterling. It doesn't even tell whether three typewriters and a pair of bellhops beat a straight. Aside from that the book is all right and we thank Mr. Doyle most heartily.

To the Point.

It is said that Harry Edwards, republican candidate for states attorney and present capable incumbent of the office, recently made the biggest hit of his life in a campaign address in a neighboring city. It seems that Mr. Edwards had been placed last on the list of speakers. Moreover the chairman introduced several speakers whose names were not on the program, so it happened the audience was tired out when Mr. Edwards was finally introduced. "Mr. Edwards will now give an address."

"My address," said the popular prosecuting attorney, "is 516 Hennepin Ave., Dixon, and I wish you all good night."

"IT IS I, BE NOT AFRAID."

Mark vi, 45-56—Oct. 6.

"Straightway Jesus spoke unto them, saying, Be of good cheer, it is I; be not afraid."—Matthew xiv, 27.

TODAY'S STUDY shows us how interested people become in anything that will relieve them of ailments, which cause our race to be, as St. Paul described it, "a groaning creation." The crowds continued to gather wherever Jesus went, partly for hearing, partly from curiosity, and partly because the Message that He gave was one of consolation. He was not forever blaming them for not keeping the Law. He was continually expressing sympathy for their weaknesses, and encouraging them to "go and sin no more."

After the feeding of the five thousand, Jesus urged His disciples to return to the other side of the Lake. He dismissed the multitude and went into the solitude of the hills for prayer. It is noteworthy that nearly all of the Great Teacher's prayers are brief. Whenever He wished to make long prayers He went to the Father by Himself. Undoubtedly this would be a good example for all of His followers. Long prayers are frequently a weariness to the flesh, and are likely to contain vain repetitions, or to be attempts to instruct the Lord concerning matters which He understands much better than do His children.

Walking on the Sea.

The disciples experienced contrary winds. In the night they saw what they supposed to be a spirit manifesting walking on the water near their boat. They cried out, for all saw it, and then they heard a voice saying, "It is I, be not afraid." Jesus got into the boat with them, and the wind ceased to their amazement, for they had already forgotten the lesson of the feeding of the five thousand with the five loaves and two fishes.

In addition to seeing in this a further manifestation of Divine power, we may see a spiritual lesson. After the Master's ascension, the disciples were alone in the midst of a contrary people, and found progress difficult. This helped them to remember the Master's ability to come to them on the troubled seas, and how His coming brought peace.

St. Matthew gives an additional feature of this lesson not recorded by St. Mark. He tells us that when St. Peter learned that it was Jesus who walked upon the sea, he requested the Lord to sanction his walking on the water to Him. The Lord consented, and St. Peter had the courage to make the effort. Had his faith continued, doubtless he would have been sustained, but the Lord's rule with His people seems to be, "According to thy faith be it unto thee." We are not to encourage credulity in ourselves or others, but we are to remember that faith is very precious in the Lord's sight.

In St. Peter's case it was entirely proper that he should attempt to go to the Lord, because the effort had been sanctioned! But when he saw the hoisterous waves his faith failed and he cried, "Save, or I perish!" How true it is of all God's people that they would like to do some wonderful things to show their faith in the Lord! And how like St. Peter's are their experiences! They would utterly fail did not the Lord interpose for their rescue.

St. Peter the Teachable.

Much has been said respecting St. Peter's rashness. The criticism is to some extent justified, but the Master loved him greatly on account of his zeal and energy. Although he was the oldest of the Apostles he was evidently one of the most teachable of them. Of his mistakes he made a mirror, and thus, learning to know himself, he was safeguarded through the many dangers natural to his temperament; and he stands forth in the Scriptures as one of the noblest of the Apostles.

There must have been a strain continually upon the Great Teacher and Helper, for He was continually expending His vitality. In healing the sick, virtue, or vitality, went out from Him, and all His public teaching cost vitality, especially when He addressed multitudes. This was fulfilled in part the saying of the Prophet respecting Him, "Himself took our sicknesses and bore our infirmities."

Nevertheless, we find Him ever alert about the Father's business, and instructing all who gave evidence of being, or of becoming, children of God.

When the ship reached shore the people recognized Him and began to carry the sick to where Jesus was. And whosoever he entered, into villages, cities or country, they besought Him that these might touch if it were but the corner of His garment: "and as many as touched Him were made whole."

BEST FOR DANDRUFF, FALLING HAIR OR AN ITCHING SALP--25 CENT "DANDERINE"

SAVE YOUR HAIR! DANDERINE DESTROYS DANDRUFF AND STOPS FALLING HAIR AT ONCE—GROWS HAIR, WE PROVE IT.

If you care for heavy hair, that glistens with beauty and is radiant with life: has an incomparable softness and is fluffy and lustrous you must use Danderine, because nothing else accomplishes so much for the hair.

Just one application of Knowlton's Danderine will double the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then

the hair falls out. If your hair has been neglected and is thin, faded, dry, scraggy or too oily, don't hesitate, but get a 25 cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed an' ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now? A 25 cent bottle will truly amaze you.

A DESERT SAND STORM.

Buffalo, N. Y., Oct. 4.—Three persons were probably fatally injured and fifteen others seriously hurt in a collision of a West Shore passenger train and a freight train at Wendel station, twenty miles east of this city. Eight of the injured were brought to the emergency hospital here, and ten were taken to Batavia.

Miss Helen Gould and a party of ladies, in Miss Gould's private car, went through the wreck. They were asleep at the time and were badly shaken up, though no one in the car was injured. The party is on its way to Chicago.

Charles Smith, engineer, and Albert Haskin, fireman on the passenger train, were so badly scalded and otherwise injured that they probably will die. Among the passengers injured are:

Mrs. Catherine Flynn of San Francisco, Cal.; condition serious.

Margaret Walsh, Chicago; head, chest and back injured.

John Benson of Des Moines, Ia.; bruised and cut.

Patrick Ragoe of Chicago; badly bruised and cut.

Freeport Bulletin: The material for the high tension wiring to be placed by the Freeport Light & Rail way company in this city and for the line between the two cities and the heavy construction material has arrived and Superintendent White, superintendent of overhead construction of the company, has a force of 54 men at work placing the wiring in the city. An official of the company stated today that the wiring between Dixon and Freeport would be started within a short time and that it ultimately would mean an interurban system between the two cities, and the heavy wiring would be used to supply substations along the line for interurban service. The installation of an interurban service system will not be made for some time, but it is believed it will eventually be a fact.

An Esperanto Town.

Today a train marked "Esperanto" arrived in Berne, conveying Esperantists of all nations on their way to the Esperanto congress to be held at Cracow from the 11th to the 18th of this month. The conductors on the train also spoke Esperanto, and the few passengers who were not Esperantists felt distinctly "out of it."

The Esperantists were in excellent spirits. One of their leaders remarked that before long there would be not only trains labeled "Esperanto," but the post offices of the world would have to add Esperanto to the number of towns in the postal guide.

Already Esperantists have purchased a piece of land near Munich, where a garden city is to be built, to be called "Esperanto." Esperanto is primarily intended as a summer holiday resort for Esperantists of any nationality. The town will have a theater, where plays will be performed in Esperanto, and there will be a post office which will conduct the business in Esperanto, and also an Esperanto bank.—Berne correspondence Pall Mall Gazette.

What the Chestnut Crop Depends On.

According to Andrew Jackson Miller, the "chestnut king" of Jones' Mills, the pickings are going to be very lean this fall, several incursions made by him into the chestnut producing sections of the mountains having convinced him that there will not be much of a crop, in striking contrast with the abundance of last year.

Mr. Miller says that the weather has been wet and that the chestnuts have been drowned in the blossom.

Some believe in the adage to the effect that rain on St. Swithin's day means a lean chestnut crop, while others say that it all depends upon whether or not it rains on July 26. It did both this year, so that there is no chance for chestnuts at all.

Last year the Jones' Mills man marketed over a hundred bushels of chestnuts, while others in the mountains did almost equally well.—Latrobe Bulletin.

Distinction or Difference?

A group of New Yorkers were lounging on the piazza of a nearby shore hotel when a young man, wearing exquisite clothes and a vacant stare, passed by on his way to the beach, with a young woman on either arm.

"You know who that is, I suppose?" remarked one of the party.

"Oh, yes," was the reply. "Got a couple of millions, I understand. Just out of college. He was educated at Harvard university, was he not?"

"Oh, no," said the first speaker. "He wasn't educated at Harvard. He went to school there."—New York Globe.

**- FASHION HINTS FROM BISCHOF -
Of Course You'll Need
a Tailored Suit**

This season you will see many delightfully new and attractive departures in the tailor-mades which will, without doubt, instantly appeal to you.

"FINGER-TIP" LENGTH SUIT COAT

For several seasons past short coat suits have held full sway—but this Fall we enthusiastically welcome back the becoming "finger-tip" length—one which gives the coat graceful lines—the one which becomes any figure. The whole effect of the Fall tailor-mades are long, graceful lines.

Moderated cutaways and flowing collars emphasize the long lines on the fronts of these coats—shirred and belted backs, suggesting the Empire effect, carry out further the dict of fashion—long, slender lines.

The skirts, though plaits are used in many, retain these straight, narrow lines. These plaits are set in and are stitched down to the knees then pressed flat to avoid any flare.

With all of these new features, however, marked simplicity is the keynote of every Bischof tailored model.

You no longer have to study for hours over the material for your tailor-made, then go time and again to the tailor for fittings, and worry about how it will look. You can come to our store and get a perfectly tailored Bischof model, in any of the fashionable materials—try it on and know at once that it is becoming. You are sure to find just what you want.

BULGARIAN TROOPS INVADE TURKEY

Servians Defeat Turks in First Battle on Balkan Frontier.

FIFTY MEN DIE IN THE FIGHT

Settling of Differences Between Italy and Ottoman Empire Will Hasten Present War—Powers Urgently Negotiating for Peace.

London, Oct. 4.—An engagement has occurred south of Harmanli, a Bulgarian town 37 miles north of Adrianople, according to a Constantinople dispatch to the Exchange Telegraph company. The casualty list is placed at 400 killed.

London, Oct. 4.—Anticipating a formal declaration of war, Bulgarians are crossing the frontier, and fighting is already taking place at different points along the border.

This is the information contained in a dispatch to the Russian government.

Other dispatches tell of severe fighting between Servian troops and Turks on the southeastern frontier of Servia. The first engagement is said to have been fought at Vranja, in Servia, where a force of 300 Turkish soldiers encountered a body of Servian infantry. Fifty were killed in all, most of them on the Turkish side.

Get Draft of Collective Note.

All the Balkan legations received the draft of the collective note to be presented to Turkey by Bulgaria, Greece, Servia and Montenegro. The chief demand of the note is for autonomy for Macedonia, old Servia and Albania.

The powers are urgently negotiating for peace, but no foreign official will predict a settlement.

The general feeling prevails in official circles that the settlement of the differences between Italy and Turkey will have the effect of hastening hostilities between Turkey and the Balkan states. With Turkey free to devote all her attention to the new crisis, it is believed the diplomatic dove has had its last flutter. Turkish troops required to guard against Italian aggression are now free for Balkan duty.

Turks Make War Demonstration.

Constantinople, Oct. 4.—A great war demonstration was enacted here. The entire city was ablaze with military enthusiasm. Processions of thousands of students and officers moved through the streets singing and listening to fiery speeches. A great throng gathered in front of the palace where the sultan appeared on a balcony for a few minutes. Later in the evening the Bulgarian legation was stoned and it became necessary to surround the building with a strong guard of police.

Greek Consul Seizes Ship in U. S.
New York, Oct. 4.—The steamer Macedonia, scheduled to sail at noon for Piraeus with 2,000 passengers, was commandeered shortly before sailing time by the Greek consul general at this port.

All the passengers, with their baggage, were hurriedly sent ashore and the vessel prepared to sail at once for Philadelphia to take on a cargo of ammunition.

From Philadelphia the Macedonia will return to New York, the consul general said, for the reservists of Greece and the Balkan states who plan to sail to take part in the threatened war with Turkey.

DEFEAT OROZCO IN BATTLE

Laredo, N. M., Oct. 4.—Mexican rebels said to have been commanded by Gen. Pascual Orozco, Jr., are reported to have been defeated in one of the biggest battles of the rebellion, near Muzquiz, Coahuila. The federals brought 90 dead and wounded to Monterrey. No accounts of the rebel losses have been reported. The federals, commanded by Gen. Blanquet, numbered 6,000. Orozco had 4,000 soldiers.

TAFT HIT IN CALIFORNIA

President Shut Out of Representation in Electoral College.

San Francisco, Oct. 4.—President Taft will be without representation from California in the electoral college, and not a vote for him can be cast in the senate unless it be written in, following a decision by the state supreme court here, under which electors pledged to him cannot appear on the November ballot as Republicans.

Call Spain's Army in Strike.

Madrid, Spain, Oct. 4.—All the Spanish reservists who have left active service during the last six years were summoned to rejoin the colors and 60,000 men were ordered to report for duty. The decree mobilizing this vast army is regarded as showing that the government considers the railroad strike serious.

Fifth Death in Navy Blast.

Newport R. I., Oct. 4.—The fifth death, that of First Class Fireman Delaney, due to the explosion of the steam chest on the torpedo boat destroyer Walke occurred here. The official investigation of the accident was continued by a board of inquiry.

MORGAN'S 1904 GIFT \$150,000

Declares No Favor Was Expected by Him for Campaign Fund.

BLISS GOT ALL HE COULD

Denies Roosevelt Sought Contribution—Referring to Gifts Says He "Never Experienced Any Gratitude in This Connection."

Washington, Oct. 4.—Bristling with eagerness to place his side of the Standard Oil's political activities before the senatorial investigating committee, Colonel Roosevelt reached Washington this morning. The colonel carried a suit case full of documents and letters bearing on the situation. He declared that he would present conclusive proof that he had had no untoward relationship with the officials of the oil trust.

Washington, Oct. 4.—J. Pierpont Morgan was the star witness—and a willing one—before the senate campaign fund investigating committee here. He testified:

That he contributed \$150,000 to the Republican war chest in 1904 in two payments of \$100,000 and \$50,000, the latter in cash.

That he had no doubt the \$50,000 was part of the Harriman \$250,000 fund raised for the New York state campaign.

That no contribution was asked by Roosevelt in 1904, and that he had no communication with anyone at the White House on the subject.

That he neither took part in nor knew of any conference of financial interests to discuss their attitude on contributions to the 1904 campaign.

Was Intimate With Bliss.

That his relations with Cornelius N. Bliss were very intimate, and "Whenever they wanted anything they sent Mr. Bliss" to him.

That no gratitude was expressed for his donations and "he never experienced much gratitude in this connection."

That he didn't know how much the Republican committee was trying to raise, adding, "I think they would have taken anything they could get."

That his contribution was due to fear of the effect a Democratic victory in New York would have on the country.

That he contributed \$30,000 to the Republican national fund in 1908.

That he made no contribution to the pre-convention campaign of any presidential candidate this year.

The witness was excused, subject to call by the committee, with the comforting comment, "You know you are entitled to your expenses."

Denies Appeal by Roosevelt.

Mr. Morgan reached the committee room before the hour set for the hearing, accompanied by his son-in-law, Herbert L. Satterlee.

The financier tucked at his mustache as he took his seat and watched the members of the committee closely.

"Give the stenographer your name, please," said Chairman Clapp.

"John Pierpont Morgan."

"Your address?"

"Two hundred and nineteen Madison avenue, New York."

"Your business?"

"Banker."

Chairman Clapp called Mr. Morgan's attention to a published article by Charles Edward Russell charging that President Roosevelt had demanded that Mr. Morgan raise \$100,000 for his campaign and that Wayne MacVeagh had been present when Mr. Morgan talked with the White House over the telephone.

"Do you remember any such incident?" asked Senator Clapp.

"Nothing whatever," replied Mr. Morgan emphatically. "I never corresponded over the telephone, telegraph or by mail with President Roosevelt that I know of," Mr. Morgan added, "nor with anyone at the White House."

Two Gifts; Second "In Cash."

"Did you make any contribution to the Republican national campaign of 1904?"

Mr. Morgan adjusted his glasses and looked at a paper.

"In October, 1904, I gave \$100,000; on November 1 I gave another \$50,000."

Charles H. Duell followed Mr. Morgan on the stand. Mr. Duell, who in 1904 was assistant treasurer of the Republican national committee, knew of no contribution by John D. Archbold under that name. He knew there had been "several contributions of \$100,000 each and that the insurance companies each had given \$50,000."

Jim Corbett Improving.

TO AILING WOMEN

**A LITTLE SOUND ADVICE WILL
HELP MANY A SUFFERER
IN DIXON**

No woman should consider her-
self healthy and well if the kidneys
are weak. Poisons that pass off in
the secretions when the kidneys are
well, are retained in the body when
the kidneys are disordered. If the
kidneys and bladder become inflamed
and swollen worse troubles may
quickly follow. This is often the
cause of bearing-down pains, lame-
ness, backache, etc. Uric poisoning
is also frequent cause of headaches,
dizzy spells, languor, nervousness,
and rheumatic pains.

When suffering so, try Doan's Kid-
ney Pills, remedy that has proven
effective in thousands of such cases.
Let a Dixon woman tell of her ex-
perience.

Mrs. F. E. Self, 1009 Highland
Ave., Dixon, Ill., says: "The use of
Doan's Kidney Pills has been very
beneficial to me. I am glad to recom-
mend this remedy for kidney trouble
and backache."

The above statement must carry
conviction to the mind of every read-
er. Don't simply ask for a kidney
remedy—ask **DISTINCTLY** for
DOAN'S KIDNEY PILLS, the same
backed by home testimony. 50c,

24 HOUR SALESMEN

YOUR best salesman cannot work more than 12 hours a day.
An advertisement of your goods in this paper works while you sleep and wake—24 hours a day.
It works in many households at the same time.
It talks better than the most fluent salesman.
No one slams the door in its face.
RESULT: It sells goods.
About the cost? Far less than the salesman and does lots more work.
